

**EE 521/ECE 582 Discussion Paper Set #1**  
**Assignment with Deadlines – 9/30, 10/4 and 10/11, 11:59 pm**

1. Read at least three of the papers listed in Assignment – Discussion Assignment Paper Set #1. Two from papers #1-4 and 1 from papers #5-6.
2. Students listed below provide a summary of their article on discussion board by 9/30.
3. Students listed below provide a list of at least three questions for class members to answer.
4. All students should provide answers to the questions or add to the discussions for at least three papers.

All students will have a chance to be the summarizer and the question generator for a different paper over the semester.

Assignment #1	Column A: Summarize (150 to 200 word summary of article)	Column B: List of three questions for class to answer?	Column C: Answer the Questions or Add to Discussions (Each response should be between 25 and 100 words)
See Canvas for Papers	<b>Due: 9/30</b>	<b>Due: 10/4</b>	<b>Due: 10/11</b>
Paper #1	Ninad Gaikwad	Liadi Akande	All students in class should respond to three of these papers.
Paper #2	Aryan Jha	Jacob Hastings	All students in class should respond to three of these papers.
Paper #3	Annika Lawrence	Asif Iftekhar Omi	All students in class should respond to three of these papers.
Paper #4	Ben McCornack	Sumanjali Pannala	All students in class should respond to three of these papers.
Paper #5	Mauricio Silveira	Md Mehedi Hasan Tanim	All students in class should respond to three of these papers.
Paper #6	Augusto Zanin Bertoletti	Hassan Yazdani	All students in class should respond to three of these papers.

**Column A Responsibilities: Summary of paper**

Provide a summary of the key points in paper. Do not copy paper sections but provide a summary. This can include sentence descriptions and/or bullets. Highlight how this paper relates to the class. Summary should be between 150 and 200 words. Post on the thread related to the paper.

**Column B Responsibilities: Creator of Questions**

Create three questions that provide an opportunity for your classmates to explore topics within the paper. These questions should provide an opportunity for classmates to explain why they answered the way they did. One of your questions should ask something related to an aspect of microgrids covered in the publication. Post at least three questions on the discussion board after the summary is posted.

**Column C Responsibilities: Discussions and Answers to Questions**

All other students in the class should provide answers to the questions as well as add additional details to the summary or ask your own question. These responses should be between 25 and 100 words (longer is fine as well). Every student should have a response for at least three papers (two from #1-4 and one from #5-6)

If you have questions, please let Dr. Schulz know.
